Environmental Management

Childhood First is committed to integrating environmental best practice into its business activities.

To achieve this aim we will:

- Adopt best practice and assist, where possible, in developing innovative solutions to the environmental issues and problems facing the sector;
- Conduct our activities in full knowledge of, and compliance with, the requirements of applicable environmental legislation;
- Assess the environmental impact all current and likely future operations, and integrate environmental considerations into its business decisions;
- Minimise consumption of natural resources, including energy, water and raw materials, as far as is economically practicable;
- Prevent pollution and minimise emissions;
- Reduce the production of waste and develop effective waste management and recycling procedures, as well as disposing of unavoidable waste in such a way as to minimise its environmental impact;
- Encourage the use of environmentally friendly means of transport by staff;
- Raise awareness amongst members of staff through appropriate education and training, encouraging them to become more environmentally responsible;
- Encourage awareness of, and commitment to, improved environmental practices amongst the children and young people in our care.
