ECSH acceptance criteria

- Minimum 10 hours per week package of care for nominations to Albany Court, Baytree House, Dames House, Gainsfield Court, Glebelands, Heavitree Court, Nicholson Court and Suffolk Court.
- Minimum 21 hours per week of personal care for Verdon Roe Court and Windmill Court.

Package of 1:1 support + the ECSH core charge are approval by the Adult Social Care weekly panels. Outcomes must be recorded on Mosaic, with a breakdown of the support plan.

The age of applicants is usually 50+. However, nominations have been completed successfully for adults under 50 to move to Windmill Court. These have been service users with a history of brain injury / stroke / epilepsy / cerebral palsy and similar conditions. Applicants under 50 with a history of mental health issues or learning disabilities have not be accepted, but residents aged 50+ with less complex (“low to moderate”) mental health and/or learning disabilities can be considered.

Service users who own property will have to provide evidence of the property value and equity, and if their asset is worth £70K+ their application will not be accepted.

At the discretion of a panel chair, we can deviate a little from these requirements if the complexity of a case warrants applying the acceptance criteria more flexibly.
