**Community Learning
Disability Team**

**Behaviour Support
Service**

Positive **B**ehaviour **S**upport

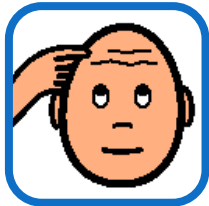

What we can do

Use **Positive Behaviour Support** to understand behaviour that people find challenging

Help if you are hurting yourself or other people

Try to understand why a behaviour is happening

Learn about you, your home and your life

Try to help find better ways for you to meet your wants and needs

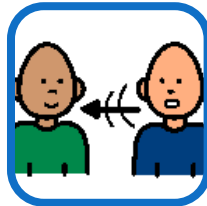

Try to improve your quality of life

How we will do this

Talk to your family or staff to find out more about the behaviour

Talk to you about the behaviour

Learn more about you, the things you like and the things you do not like

Work out why the behaviour is happening and share this with the people who support you

Make a plan to agree the best ways to support you and things that will help you

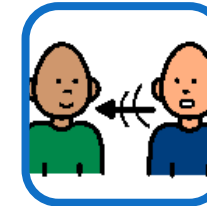

Who we are

The Behaviour Support Team is a multidisciplinary team.

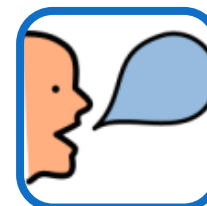

We all work together to find ways to help you

We have:
Clinical Psychologists

Community Learning Disability Nurses

Speech and Language Therapists

We might also ask other people in our team to see you if this would help
