OASIS for BCP

oasis@uhd.nhs.uk

0300 019 8459

YP2B for Dorset

teen.midwives@dchft.nhs.uk

and identify all health services involved with the parents to be.

(CAMHS, School Nursing re father). Liaise with social worker to discuss the health services to be invited to initial support discussion and the multi-disciplinary meeting.

Liaise with OOA team if placed OOA

OOA

Action for Midwifery Services

University Hospitals Dorset (UHD) - OASIS midwife will be allocated

Social Risk Assessment is completed and TIF1

Dorset County Hospital (DCH) - if under 20, referred to YP2B and midwife is allocated.

At booking in Social Risk Assessment Form is completed. If then identified they are CIC, then advise CIGHT as per above box.

Initial Support Discussion with Parent/s To Be

Social worker to set up meeting to include social worker, midwife, CiC nurse and young parent/s to be within 10 working days from communication of pregnancy. Meeting may include CAMHS (if relevant), IRO and any other professionals involved in their care

Support Discussion

Social worker to set up Support Discussion to include above parties and additional health services as identified within 6 weeks of Initial support discussion. Decision on frequency of further meetings to be made at this meeting (at least 6 weekly) to be set up by social worker. Discussion to include the voice of the parent/s, who team around the parent/s will be and plans going forward.

PREGNANCY PATHWAY FOR CHILDREN IN CARE (CIC)
For Internal use only

Referral for pre-birth assessment
As per BCP and Dorset Council guidelines. This will
feed into the Support discussions

Continuation of Support Discussions
As per above

Support Team identified in lead up to EDD (Estimated Due Date)
(to include midwife/HV/CiC nurse/GP/IRO/CAMHS/SW and other professionals involved with the young person)

Planned discharge from maternity unit.
There will always be a discharge planning meeting. Must include all the support as detailed above. Put in place
support plan and who is responsible

Consider follow up meetings required post birth.
As similar set up to earlier support discussions at least 6 weekly dependent on who the parents wish to meet with
(SW, health professionals and other professionals involved with the young person) This is dependent on risk and
statutory pathways.
