

Your voice matters

My name is...

People I am close to...

People who I want to see this...

People I want to be invited to meetings...

It would really help me if you could...

I like it when...

I get worried
when...

It annoys
me when...

Things I like about the
way I am cared for...

Things I would like to
change...

Things that are good or bad about school...

Do you have any
complaints or
compliments?

Think big! What would you like
to do now or in the future?
