Age Assessment

Name of UASC Simon Single

Date of Birth UASC is claiming

Name of Primary Worker completing Age Assessment Click here to select a user...

Name of Secondary Worker completing Age Assessment Click here to select a user...

Advocate/ Appropriate Adult

Physical Appearance, Demeanour
All assessments begin with initials impressions, made from visual presentation

Interaction of person during assessment
The manner in which the person interacts with the assessing worker conducting the assessment will provide an indication of whether or not the person is responding in an age appropriate manner.

Social History and Family Composition
Establishing as detailed as possible, a family tree will help the assessing worker to identify the likely age of the person compared with the stated age. Ages of parents, siblings and extended

If you require any further support please contact the Children's Helpdesk Portal.
