

Balanced Response

**We manage risk by
working together.**

**We are evidence
based and
balanced.**

Working Together

**We work with
children, young
people and their
families to achieve
positive change.**

Challenge and Support

**We challenge
ourselves and
support each other.**

**We welcome
challenge and
support from others.**

Child Centred

**We are all about
supporting children
and young people.**

**They are our
priority.**

Family Solutions

**We value a family's
ability to solve their
own problems.**

**We help families to
do this and only
intervene when
needed.**

Safely at Home

**Our aim is to keep
children safely at
home.**

**Where this is not
possible, we will
find somewhere
safe for them to live
for as long as is
needed.**
