

Wirral Lifelong Learning Service

Skills for Life courses, including maths, English and digital skills, are FREE for everyone.

You must be 19 or over and a Liverpool City Region resident to enrol.

I did not have the confidence to use my laptop or tablet. The course has been a blessing and a great communication tool to stay in contact with people during the Covid-19 pandemic.

I passed the maths exam I needed and started a degree in Social Work at Chester University. Without a doubt it's the best thing I've done, I wish I'd done it years ago.

I passed English and maths qualifications, became a volunteer and now have a full-time job. You can do it no matter how far away from a job you are. Bite the bullet and give it a go!

Improving your maths, English and digital skills makes day-to-day tasks easier, builds confidence and opens doors for more learning, volunteering or work.

If that sounds like something you'd like to do, contact us now to find a course that's the right level for you!

Full descriptions of courses can be found on wirral.gov.uk/lifelonglearning
