

## Wirral CAMHS & Early Help Resource and Information Pack

**Everyone has an important role to play to help children, young people and their families thrive, including children and young people themselves, their families and friends, schools and other agencies.**

**This pack contains information about self-help resources, community services, when to refer to CAMHS, when to contact the Early Help Team and what to do if you are concerned about immediate risk or harm.**

**For an online copy of the pack, please visit:**

<https://www.mymind.org.uk/media/1515/camhs-early-help-resource-information-pack-nov-19.pdf>

or <https://www.wirralsafeguarding.co.uk/professionals/what-is-early-help/>

Revised July 2021

### Coping

There are ways to develop coping strategies through self-help resources for children, young people and families. Details of websites, apps and reading materials that lots of young people find useful are provided on **pages 3-10**

### Getting Help

Sometimes some additional support is required. On the Wirral there are a number of agencies who can offer support and counselling. Details are provided on **pages 11-21**

### Getting Risk Support

What to do if there is an immediate risk to self or others – See **page 24**

### Getting More Help

Sometimes difficulties might require more intensive support, which may include specialist services or Team Around the family. Details can be found on **pages 21-23**

## Coping

- **Early Intervention Team:** NHS service that support and treat individuals (14+) experiencing symptoms of psychosis for the first time. Address: Stein Centre, St Catherine's Hospital, Derby Road, Birkenhead, CH42 0LQ. Tel: 0151 488 7773.
- **Family Matters:** Council service that supports families with children aged 0-19. Includes targeted family support team, pre-birth and infant team, adolescent response team and the family group conferencing team. Works collaboratively with Children's Social Care to reduce the need for statutory intervention or children becoming looked after.
- **Wirral CAMHS (Child & Adolescent Mental Health Service):** A specialist mental health service for children and young people (0-18) experiencing moderate to severe mental health difficulties. **CAMHS accept referrals for the following moderate to severe mental health difficulties:**
  - **Psychosis** –including delusional beliefs, paranoia, deterioration in self-care and social/family functioning, disinhibited behaviour in partnership with Early Intervention Team.
  - **Moderate to Severe Trauma Reaction including Post-Traumatic Stress Disorder and Developmental Trauma** – more than one month after the traumatic event where there is a significant impact on the young person's functioning.
  - **Emerging Emotionally Unstable Personality Disorder** – with significant difficulty forming and maintaining relationships, self-image and mood, and impulsive behaviour
  - **Eating disorders** – including anorexia, bulimia and other eating disorders, in partnership with Chester Eating Disorder Service (CHEDS)

## Getting More Help

- **Anxiety and Depressive symptoms** - including phobias, anxiety, depression, OCD, somatic symptoms where there is a significant impact on daily functioning, is beyond a normal adjustment reaction (i.e. bereavement, loss) and of significant duration.
- **Attachment disorder**- having a significant impact on family and social functioning
- **Under 5s** - with significant behavioural, social or emotional difficulties where previous universal interventions have not alleviated the difficulties, in partnership with the Health Visitor service.
- **Children with Severe Learning Disabilities** – who have mental health and/or significant behavioural difficulties, in partnership with the Local Authority disability team.
- **Deliberate self-harm** - accompanied by suicidal ideation and a pattern of emotional dysregulation and poor coping strategies.

**Wirral CAMHS will prioritise vulnerable groups. Children in Care will be seen within 2 weeks.**

**CAMHS do not accept referrals where:** the young person is aged over 18, the referred problem may be best treated in an alternative service, a more clinically appropriate service has been commissioned from an alternative provider, children are in court proceedings and intervention is not advised under Home Office guidelines
