

I work for a place called One Point and I have come to see you because you are important and sometimes we need to check that you are happy and safe at home with your family.

It is my job to make sure that you are safe and happy. We can talk, draw and play games and I will listen to what you want to say and what you would like to do.

I will write down what you think so I can remember. This will help me to decide how I can help you and your family.

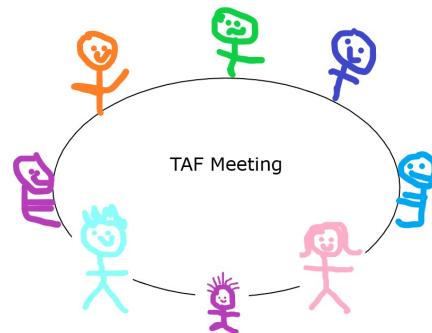

I might visit you at school or I might visit you at home. I will talk to the important people in your family—Mum's, Dad's, Brothers, Sisters etc

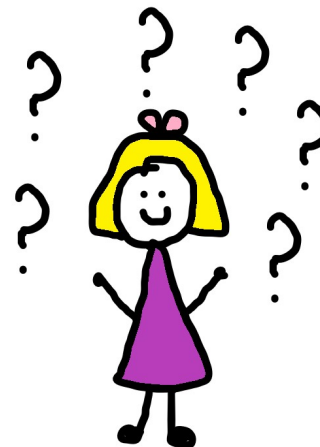

I may need to talk to other people who can help me understand how things are for you like your teacher. Then we will decide if you and your family need anything to help you keep healthy and happy.

We will have a meeting with all the people who love and help you and your family, this is called a TAF meeting. In this meeting we will come up with a plan of what we are going to do to help and support your family.

If you have any questions or I have said anything that you don't understand please ask me and I will explain to you in a different way.

I will continue working with you and your family to make sure that you have everything that you need in order to feel happy and be healthy and safe.
