

1

Position chairs as shown.
Remove centre armrests and
footplates.

2

Lean forward, shuffle bottom to front of
seat. Place leading foot forward, and
leading hand on far edge of seat.

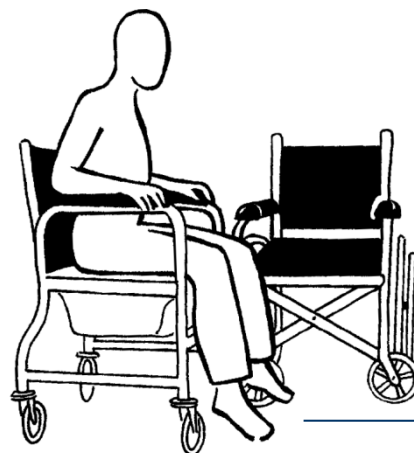

3

Lift buttocks and pivot across to chair.

4

Shuffle bottom back onto chair.
Replace armrests and footplates.

- N.B.**
- Ensure brakes are applied.
 - Two surfaces should be approximately the same height.
