

Benefits of Mind Of My Own over Whatsapp & Facebook

Accessibility

Mind Of My Own is fully accessible and available in over 100 languages. Mind Of My Own apps can be used with young people of all ages

Accredited

Mind Of My Own complies with GDPR regulations, the Data Protection Act and the Children's Code and is a UK based server

Data secure

Data is handled in a way that ensures security including protection against unlawful or unauthorised processing, access loss, destruction and damage

Age Restrictions

Platforms such as Whatsapp require the young person to be 16 or older to sign up for an account

External Servers

Most social media platforms have their servers outside of the UK and data privacy regulations require that children's sensitive information is stored on UK based servers

Unsecure

Meta products were reported in more than half of grooming cases recorded by police over the last year
