Billie the bear was feeling very sad and lonely. His family were not able to look after him properly.

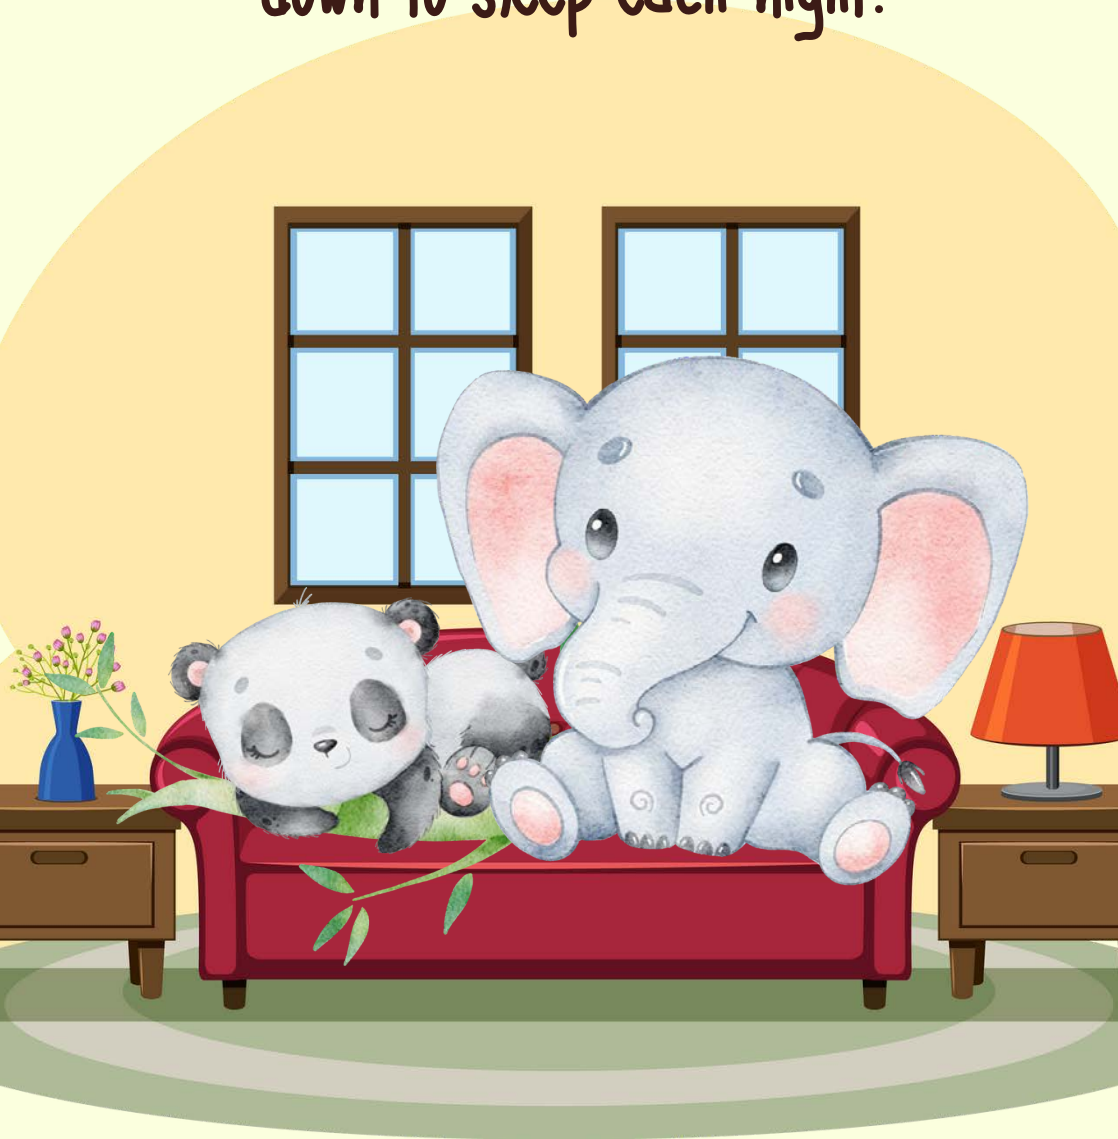

One day, Billie met Mr Giraffe who
tried to cheer him up.

Mrs elephant also gave billie healthy food, bathed him and settled him down to sleep each night.

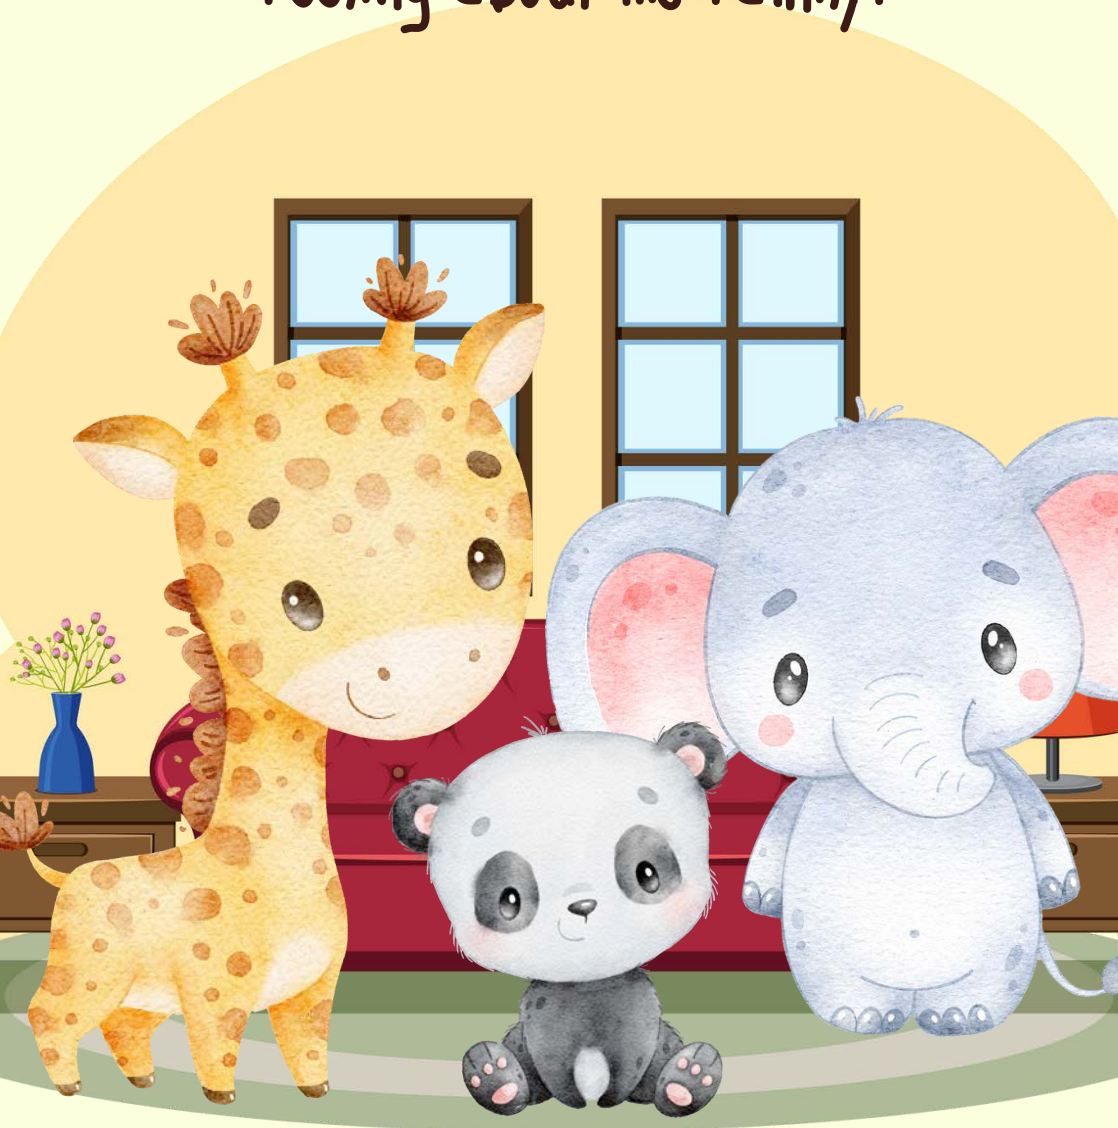

Billy often went to see his family.

Sometimes this made him happy but sometimes it made him feel sad again.

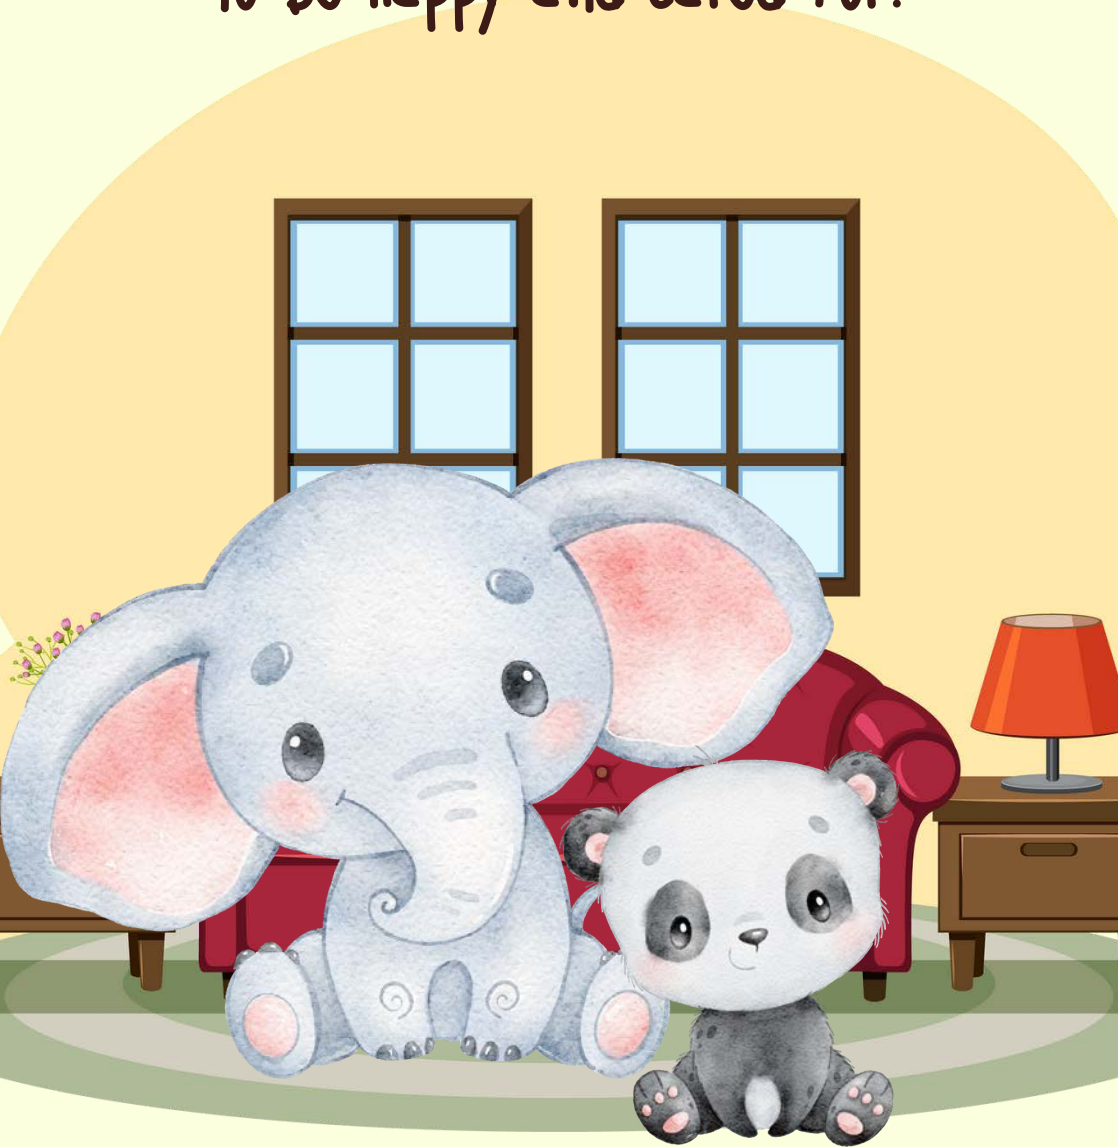

Billie often talked to Mr Giraffe and Mrs Elephant about how he was feeling about his family.

Mr Giraffe told Billie that he may not be able to go home to his family. Billie may have to stay with Mrs Elephant for a while.

Mrs Elephant told Billie not to worry.
Both her and Mr Giraffe want Billie
to be happy and cared for.

Mrs Elephant said to Billie that he can talk to her and Mr Giraffe about how he feels and what he wants.

Billie felt excited about starting his fostering adventure.
