Scheme of Delegation

Version	13
Approved by	PSW/DLT/PPP
Publication Date	May 2025
Review Date	September 2025
PH No.	

1. Purpose

The purpose of this Scheme of Delegation is:

- to set out which Officers within Children's Social Care are authorised to make binding decisions on behalf of the Council.
- to identify the lowest level of management that can take responsibility for a specific decision or action in respect of an individual child's
 case. Whenever possible the decision/action will be made within the case responsible person's line management, but the document
 permits any officer at the appropriate level or higher to make a decision, in order to avoid delay.

2. Framework for reporting

This is set out in the protocol for Officer delegation in Part 3 (Responsibility for Functions) of Stoke-on-Trent City Council's Constitution. Staff below the Decision Maker's level of authority are expected to make informed recommendations to the Decision Maker and to take forward the implementation of the decision. They should not take responsibility for the decision itself.

3. Limitations and conditions

Designated Managers are managers who have delegated authority to approve certain decisions and/or give consent in certain circumstances. There will be other circumstances in which designated managers must be notified of events. In all cases, authorisation and/or consent should be sought directly from the officer named below as having the delegated authority, e.g. where consent is needed for blood tests on a looked after child, the responsible Team Manager should refer directly to the Head of Service. Similarly, notification should be made directly to the officer named as the individual to be notified. In addition, other managers in the line management chain should be informed, for example by copying them into correspondence.

All delegated functions within this scheme must be exercised:

- in accordance with all parts of the Council's Constitution, and in particular Part 3 (Responsibility for Functions) which sets out the Responsibility for functions;
- to comply with the policy framework of the Council and the Council's corporate strategies;
- within approved budgetary provision and with regard to the Council's Financial and Contract Standing Orders, Financial Regulations and Financial Standards;
- having regard to agreed arrangements for recording decisions made;

- having regard to advice received from the relevant Director or his/her staff on professional and technical aspects of the matter in question.

Any emails should be distinct and the subject line should state clearly that the message concerns an authorisation, request for consent or a notification.

Any additional paperwork required by procedures must be made available.

Unless stated otherwise, references to Head of Service and Principal Manager are to those managers responsible for the child, i.e. the social worker's line managers although in their absence another manager of the same level can substitute.

4. Delegation of Officers

Delegation of Officers is subject to:

- any statutory provisions which apply;
- the exclusion of any matters which remain for decision by the Council or where the function, powers and duties are the responsibility of the Cabinet or within the Terms of Reference and delegations of a Committee, unless specifically delegated by the person or body responsible to a particular Officer;
- accountability to the Cabinet in respect of executive decisions made under the Scheme of Delegation.

5. General Principles

In any situations shown as requiring consent or authorisation, these must be secured prior to any action.

In all cases, designated officers can only authorise expenditure within the limits of the usual budget delegation framework and any temporary financial controls.

The Press Office must be notified of circumstances thought likely to attract public/media attention. The purpose is to forewarn the Press Office and to prepare for any media enquiries.

6. Clear record of decision making

It is important to maintain a clear and accurate record of our decision-making process. This practice supports defensible decision-making and assists in addressing any challenges that may arise. For all decisions set out within this scheme of delegation, it is essential to document what was considered, who considered it, and how the decision was reached. This documentation should be saved as **management oversight or senior management oversight within 24 hours**. Clear record-keeping ensures transparency and accountability in our processes
