Practice Briefing Note 71

Title:	Practice Standards for Social Workers, Practice Standards for Managers, and Practice Promises.
Effective From:	22 nd May 2020
Practice Note:	<p>High quality practice, leadership and management is at the heart of delivering good services for children, young people, and their families in Dudley, and they deserve our best practice. This is why Dudley has developed Practice Standards for Social Workers, Practice Standards for Managers, and Practice Promises to children and families, to make clear the agreed quality services are to meet and deliver.</p> <p>The Practice Standards are the core standards we as practitioners and managers will work to. They describe the (minimum) level and quality of service expected by our children, young people, and their families, and other service users.</p> <p>Please take the time to read and fully understand the Standards, which should be read in conjunction with Dudley Children’s Services Policies and Procedures.</p> <ol style="list-style-type: none">1. Practice Promises2. Social Work Practice Standards3. 7 Practice Standards for Managers4. Managers Practice Standards <p>All Practice Standards have been uploaded on to Dudley’s Practice Guidance.</p>
